

Today's challenging times call for passionate visionaries who are authentic and articulate communicators. Speaking coach and consultant Gail Larsen presents a proven program that liberates the speaker within and transforms even the reluctant orator into an agent of change. While most programs on public speaking focus on a polished presentation and overcoming fear, Larsen's holistic blend of spirit and logic goes far beyond the standard format, making Transformational Speaking a must listen for even the most seasoned speechmakers. With her uniquely inspirational approach, Larsen reaches out to those who want to make a genuine difference in our world by changing minds through changing hearts. Transformational Speaking offers insightful advice on everything from defining your message and refining your delivery, to managing the dynamics of a room, handling logistics like a pro, and building a connection with an audience of any size. Larsen has helped business executives and entrepreneurs, community and social change leaders, and healers and life coaches become active movers and shakers through the power of effective communication.
